

Community and Environment

Philippine British Assurance Company, Inc. is involved in an industry that seeks to play a role in conjunction with governments, individuals and organizations, in managing and reducing environmental risk. Employees must adhere to applicable laws on environmental and social issues and are encouraged to work towards integrating environmental and social considerations into our operations and business decisions.

Philippine British Assurance Company, Inc. mirrors its insurance role in the community where PBAC is uniquely placed to assist people when they find themselves in need through accident or misadventure. PBAC encourages its employees to take part in corporate social activities, to help PBAC deliver real and lasting benefits to communities in which we operate.

Donates to JCS Village

Hello po, I was able to raise P75K for the Covid19 Share Food PH (Enderun Alumni). Sapat na raw po yun na makaluto po sila ng food to feed every unit sa poor village po namin.

But after prayerful discernment, I think if you're still planning to give money as donation, you may just directly give your donation to us here in JCSVillage. We would rather buy SACKS OF RICE as supply to the villagers for the next quarantine weeks. Para hindi lang isang bagsakan na napakain po sila. Donations of rice will be posted in my FB. Nasabihan ko na rin po yung iba na hindi pa natuloy yung donation nila sa Enderun. Pero nasa sainyo pa rin po ang desisyon. On tuesday or wed, we will buy sacks of rice at the Residence/warehouse of Mrs. May Tiburcio in 10 montreal loop St., Vista real classica 1 brgy batasan hills (Commonwealth) Quezon City.

As part of a series of donations to medical frontliners, the Wong Chu King Foundation Inc. (WCKFI) and Philippine British Assurance Company, Inc. (PBAC)

donated to Sta. Ana Hospital in Manila last May 29, 2020. This series of donations is the Foundation's way of lending its hand to somehow alleviate the difficulties suffered by the country's medical frontliners in battling the deadly COVID-19 pandemic.

Last June 16, 2020, representatives from Wong Chu King Foundation, Inc. (WCKFI) and Philippine British Assurance Company, Inc. (PBAC), went to the Sacred Heart Hospital of Malolos to donate boxes of Aristocrat Restaurant ready-to-eat food packs, several cases of bottled mineral water, gallons of disinfectant, and boxes of surgical masks. This donation, which is part of a series, is just one of the WCKFI's little ways of giving honor and recognition to medical frontliners and their continuous, untiring efforts to battle Covid-19.
